Boundaries without walls

Room dividers, screens and entrance treatments that separate a space while keeping the light and the sense of room.

- ◆ CNC and jali screens in MDF and WPC
- ◆ Framed glass partitions — clear, frosted and fluted
- ◆ Open display units that work as a divider from both sides
- ◆ Foyer arches, panelled entries and shoe storage
- ◆ Backlit niches that light the space either side

Every design has a code

Note the reference codes you like — PAR-001, PAR-014 — and send them to us. We adapt the design to your own room dimensions and quote it line by line.

From the code on a page in this catalogue to a finished room, under one supervisor. The consultation, the site measurement and the first design presentation are free.
