Pooja units and mandirs

The one space where the family's practice comes before the design. Direction is fixed on the plan before any layout is developed.

- ◆ Wall-mounted mandirs and full-height floor-standing units
- ◆ Carved teak, CNC-cut MDF and laser-cut metal jali
- ◆ Glass-partitioned prayer rooms — frosted and fluted
- ◆ Stone at the lamp position, never laminate above a diya
- ◆ Ventilation path above the lamp; removable tray for cleaning
- ◆ Warm-tone concealed lighting on its own switch

Every design has a code

Note the reference codes you like — POO-001, POO-014 — and send them to us. We adapt the design to your own room dimensions and quote it line by line.

How it works

From the code on a page in this catalogue to a finished room, under one supervisor. The consultation, the site measurement and the first design presentation are free.

01

Choose a design

Note the reference code under any design in this catalogue.

02

Send it to us

WhatsApp the codes with your floor plan or flat details.

03

Site measurement

We measure the actual room – not the builder's drawing.

04

Design & 3D

The design adapted to your dimensions, shown in 3D before approval.

05

Itemised quotation

Material, quantity, hardware and labour on separate lines.

06

Execution & handover

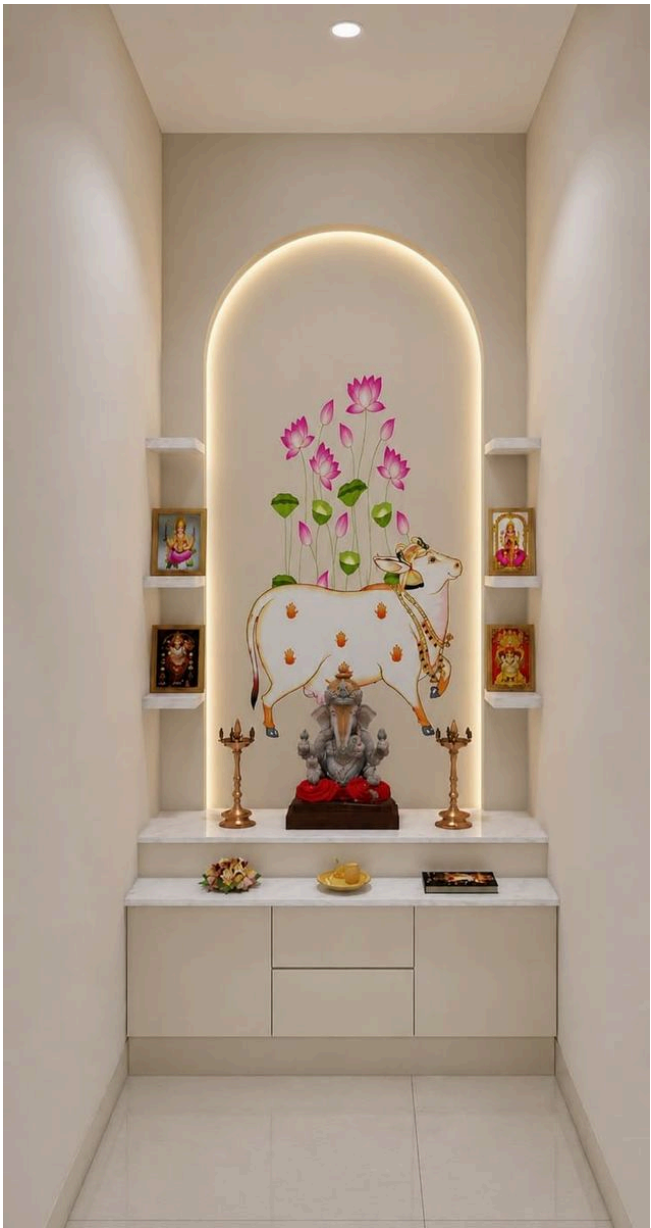

Built, installed and snagged under one supervisor.
